

SIDEWALK PROGRAM

The Town of Elmira will once again, offer their sidewalk program this year. If you are interested, please contact Matt Mustico at the Highway Department between the hours of 7:00 AM and 3:30 PM at 734-0199 to make an appointment for him to survey your sidewalk. You will then be instructed to apply for a sidewalk permit at the Town of Elmira Code Enforcement Office. The next step will be for our highway department to set up a date to remove your old sidewalk. The homeowner is then responsible to either hire a contractor or perform the work themselves to replace the sidewalk using the specifications set forth by the Town Sidewalk Ordinance.
