

UPDATE 3/23/2020

As we continue to respond to the directives and challenges of the Covid-19 situation, our focus is on finding the balance between protecting our employees while still providing services to residents where possible. The following adjustments are currently in effect:

The Town Clerk's office will be open Monday, Tuesday and Wednesday only, call 734-2031.

The Code Enforcement office will be open Thursday and Friday only, call 734-3608

The Court office is closed at this time, call 734-5971

Assessment services have been suspended for the time being, (607)734-1486

Highway Department is functioning as usual, though projects that require assembling the full crew together have been postponed

Police Department remains fully staffed and functional

Urgent services at the Town Hall will be available for residents via appointment only. We encourage you to use the mail for dog license renewals and tax payments, or use the drop off box located at the front door entrance at 1255 W Water Street.

This schedule will remain in effect through April 5th. At that time, it will be extended, modified or allowed to expire as circumstances dictate.

Thanks for your patience and cooperation!

Neil Milliken, Supervisor
Town of Elmira
